Invites applications for

M.Tech. Bioinformatics Program 2020 - 2021

M.Tech. Bioinformatics is an AICTE approved state-of-the-art program, designed to train students in theory and techniques in Genomics, Proteomics, Computer aided Drug Design, Molecular Modeling & Simulation, Machine learning and Data Analytics including hands-on practice using programming languages such as C, R and Python. In the second year of the program students are involved in one year project with the faculties of the department with various expertise in the domain of Life Sciences and Computation Biology. The passed out students from this program in previous batches have obtained attractive placements in various multinational companies and Ph.D. positions in eminent institutions in India and abroad.

Application Process:

Students with the qualifying B.Tech./ M.Sc. degree with a valid GATE score in the following subjects are eligible to apply through CCMT: <https://ccmt.nic.in/>

BT	- Biotechnology
XL	- Life Sciences
BM	- Biomedical Engineering
EY	- Ecology and Evolution
